## Saturday General Session

Welcome and Guest Speaker Introduction by Jennifer Hethcox

Guest Speaker David A. Kelly, America's Student Leadership Trainer

### **The Power of Boldness: How to Get What You Want!**

A fun, humorous, and inspiring keynote program for your students, staff, alumni, or parents. Personal achievement takes drive, desire and action.

Overcoming your fears is the hardest part. A perfect way to start off a leadership conference, welcome students to campus, entertain and encourage parents, and great to follow an alumni or awards dinner. Dave will share stories, humor, challenges, and victories with 10 keys to becoming bolder in pursuing your dreams and goals!

### **Turning Your Vision into a Reality**

DEVELOP a plan for success and CREATE a useable format that allows you to pursue and achieve your dreams. The number one day of the year that most people set goals is January 1. But, those goals, or resolutions, are usually not very long lasting. It is because they are missing several key points: a vision, a step-by-step process, and plans to get where you want to go. This session will give you a G.P.S. that will move you towards the dreams that you have and can be used in school, your career, with your family, as a leader in a club or organization, and all aspects of your life.

Dave has presented this program at colleges and universities, conferences, and taught to his own student leaders as a state advisor. Students, staff, and advisors have used this program to achieve great results!
